

Finance Intern at Blustash, Inc.

Location: Remote

Department: Finance

Employment type: Internship, Part-time (10-15 hours a week)

Duration: January 2027 – June 2027 (unless extra extension is given)

Compensation: [\$0/Possible Academic credit]

About the Role

We are seeking a detail-oriented and analytical **Finance Intern** to support our finance unit with reporting, budgeting, forecasting, and day-to-day financial operations. You will gain practical experience working with financial data, preparing analyses, and supporting decisions that affect the business.

This internship is well suited to someone who enjoys working with numbers, approaches problems thoughtfully, and wants to understand how a finance function operates within a growing organization.

What You'll Do

- Assist with financial reporting, budgeting, and forecasting.
- Collect, organize, and analyze financial and operational data.
- Prepare spreadsheets, dashboards, presentations, and recurring reports.
- Help monitor expenses and investigate budget-to-actual variances.
- Support accounts payable, accounts receivable, invoicing, and reconciliation activities.
- Conduct market, industry, and company research.
- Help maintain accurate financial records and documentation.
- Identify opportunities to improve reporting processes and internal controls.
- Collaborate with finance and cross-functional teams on special projects.
- Handle sensitive financial information with discretion.

What We're Looking For

- Currently pursuing or recently completed a degree in finance, accounting, economics, business, mathematics, or a related field.
- Basic understanding of financial statements and accounting principles.
- Proficiency with Microsoft Excel or Google Sheets, including formulas and data organization.
- Strong analytical, organizational, and problem-solving skills.
- Careful attention to detail and commitment to accuracy.
- Clear written and verbal communication skills.
- Ability to manage deadlines and work both independently and collaboratively.

- Sound judgment when handling confidential information.

Nice to Have

- Experience with pivot tables, lookup functions, financial modeling, or data visualization.
- Familiarity with accounting or enterprise software such as QuickBooks, NetSuite, SAP, or Oracle.
- Exposure to SQL, Power BI, Tableau, or other analytical tools.
- Previous coursework or project experience involving budgeting, valuation, forecasting, or financial analysis.
- Interest in consumer products or Bluetooth electronics industry.

What You'll Gain

- Hands-on experience with financial planning, analysis, and operations.
- Exposure to the budgeting and reporting cycles of a real business.
- Mentorship from co-founders and other key stakeholders.
- Opportunities to develop technical, analytical, and communication skills.
- Experience contributing to projects with measurable business impact.
- Regular feedback and professional-development support.
